

## ANNUAL REPORT 2010/2011

*Annual Report for the financial year beginning on 1 October 2010 and ending 20 September 2011 for the Charity Children's Hearts (UK reg. No. 1082929)*

Dear Readers,

During this period the charity continued to develop its network of contacts and organisations that could be useful to the charity in achieving its objectives.

According to its foundation principles, Children's Hearts continued to endeavour to provide funds to buy specific items of equipment used in the open-heart operations for children on individual basis.

During the year Children's Hearts established co-operative relationship with a company Audosta Ltd in the UK that donated to the charity on a regular basis throughout the year.

We also received some donations from various organisations and sponsors during the year, which enabled us to accumulate funds for future life saving support for children with congenital heart defects.

The charity continues to pursue fund-raising and information disseminating activities in order to support its following main activities set in the founding principles:

- Fund raising for live saving heart operations for children
- Providing help to improve knowledge and skills as well as exchange of information between surgeons in Russia, UK and the USA in order to keep abreast of new developments in the cardiology
- Providing educational materials to parents, general practitioners and maternity ward doctors on congenital hearts defects in children and ways of early diagnostics, coping with pre- and post operational problems and rehabilitation practices

In 2011 the charity received many enquiries from various countries, with parents or their representatives asking for help for children with congenital heart defects. The charity, however, has very limited available funds so, unfortunately, it was impossible to help all the enquirers. Given scarce fund availability, the charity could help only one child from Tajikistan.

We thank all people and organisations that donated and helped Children's Hearts in the past year.

On behalf of the board of Trustees,

Yours faithfully,

Dmitrii A. Styrkas (DPhil, Oxon)  
Trustee, Children's Hearts
